

## **Aero Parts Mart appoints Aviation Inventory Resources as Master Distributor for Saab 340 Products**

Ft. Worth, TX, October 1, 2007– Aero Parts Mart Inc, today announced the appointment of Aviation Inventory Resources, Inc. as Master Distributor for its line of PMA products for the Saab 340 aircraft. In its new role, Aviation Inventory Resources will be responsible for sales and marketing to Saab 340 operators around the globe.

“We are extremely pleased to partner with Aero Parts Mart,” said Morgan Whitehead, Director of Sales for Aviation Inventory Resources. “Today’s airlines are striving to find ways to trim inventory expenses without sacrificing quality, and we feel APM products are a perfect fit.”

APM, founded in 1999 and based in Fort Worth, Texas is an Engineering led organization specializing in the manufacture of PMA Components. A corporation dedicated to Quality and Safety while having the capability to provide cost savings through the PMA process. Primarily supporting Regional Aviation specializing in SAAB340, ATR, ERJ, CRJ, AVRO and Q400/Dash8 aircraft, APM’s goal has always been to provide its Airline partners access to reliable cost saving alternatives.

“We here at Aero Parts Mart are excited about our strategic alliance with AIR,” said Steve Bowen Vice President of Aero Parts Mart. “Our vision is to provide our customers a cost savings solution for their aircraft maintenance parts requirements, without compromising safety, functionality, or durability through the PMA Process. AIR, with its outstanding reputation as an industry leading provider of spares logistic support, enables APM to provide such cost saving solutions on a global basis.”

About AIR- Founded in 1999 and based in Mansfield, Texas, AIR supports regional airlines worldwide with “radome to tailcone” inventory, tooling, as well as aircraft sales and leasing. AIR specializes in the Saab 340, ATR42/72, Embraer EMB-145 and other regional aircraft. The company offers 24 hour AOG service from its headquarters minutes from DFW International Airport.
